

312 Milling Tractor

Enables milling of frac plugs that existing technologies cannot reach.

- Incorporates proven WWT Tractor technology, refined through nearly 20 years of downhole experience.
- Provides positive grip with the WWT Casing Link Gripper.
- Features a compact, easy-to-rig-up design that reliably maintains weight-on-bit, ensuring consistent plug drilling performance.
- Operates dependably in wellbores with heavy debris, high vibration, and recirculated fluids.
- Compatible with all commonly used downhole mud motors.

Outside Diameter	3.125 in
Inside Diameter	0.688 in
Pull Capacity	6,250 lbs
Length	9.5 ft
Average Tractor Speed	17 ft/min
Maximum Torque	2,400 lb - ft
Maximum Overpull	95,000 lbs
Maximum Set Down	16,000 lbs
Maximum Flow Rate	7 BPM
Maximum Temperature	392 F
Materials of Construction	Steel, Inconel and Beryllium Copper

WWT International supports your operations from start to finish with full-service onsite mobilization and support 24/7.
